

Kids' Bath Accessories: Good Clean Fun

Still struggling to get your kids to take a bath? It's time to turn bath time into playtime.

Wise parents know that the key to getting kids to cooperate is to make everyday tasks more fun. The bathtub is the perfect place for play, and kids bath accessories are certain to make a splash with your young ones. With colorful accessories featuring everyone from Sponge Bob to Batman to the good ol' rubber duckie, there are countless ways to entice your kids into keeping it clean.

Kids are no different than the rest of us. We'd all rather spend time doing the things we enjoy, rather than forcing ourselves to do the things that we "have to do". Most kids would rather be playing with friends, watching TV or even doing homework, than be coerced into a ritual of personal cleanliness. Nevertheless, bath time does not need to be a constant struggle. If you are the parent to one of those rare children who enjoy bath time, congratulations! For the rest of us, kids bath accessories are the best option.

When kids are occupied with a fun activity, they may not even notice that you're washing their hair or cleaning their ears. Given something interesting to look at or hold on to, many children become nearly oblivious to the activity at hand. Talking to your child as he or she plays, telling stories and singing songs can only add to the bath time fun. Choose bath accessories that feature your child's favorite characters, or will engage them in activities he or she enjoys. Crayons made of soap are a great choice, as they allow kids to be creative as they draw on walls, themselves and even parents!

Most department stores carry a good selection of kids' bath accessories. If you prefer to shop online, you'll find options at kohls.com and at domesticbi.com. These websites feature kid's bath accessories with cute designs to suit all kinds of kids. There are attention-getting kid's toothbrush holders, waste baskets, soap dishes, tissue boxes, kid's shower curtains and hooks, covered jars, towels, bath rugs, and more, all in fun coordinated patterns. Choose from favorite cartoon characters, bright patterns and other kid-friendly bathroom fashions.

It's fun to decorate using kid's bath accessories. The end result is a cheerful and playful room for the whole family to enjoy, and a place where children can actually enjoy bath time. If you think that kids don't care about their bathroom, you just might be surprised. Ask your child for his or her help in choosing the design and accessories for your bathroom. Keeping kids involved in the creation of the bathroom will help them to learn the importance of having a clean and organized space, a lesson that they will carry with them into their adult years.

Kid's bath accessories take bath time from a nightly hassle, to good clean fun you'll both look forward to.
